This letter is to commend Wayne and Don for their excellent work in helping me get the job done. I called 3 companys, and this company not only charged me 1/3 of the other 2 estimates, Wayne came out right away, took info for the job. with their persistance, i received my permit within 4 weeks. i cant say enough about their work ethics.

It is good to know their are still trusting companys out there.  
Wayne Ferrell Architech is truely one of them.

Thank You,  
Sincerely

Dave Mitchell
